# About us

About Veridian Hydrotech Pvt. Ltd. At Veridian Hydrotech, sustainability meets innovation. We are an engineering-driven company dedicated to providing cutting-edge solutions across the water, wastewater, and solar energy sectors. Our mission is simple: to harness renewable resources to create a cleaner, greener, and more sustainable future for communities and industries alike.

**Water & Wastewater Management:** Delivering smart systems for efficient water treatment and conservation.

**Solar Energy Innovation:** Empowering industries and homes with cutting-edge solar technology to reduce carbon footprints.

**Regulatory Excellence:** Ensuring every project meets the highest standards of safety, quality, and compliance.

# Our Expertise

**With a team of experienced professionals, we specialize in:**

**Water Solutions:** We offer comprehensive services in water purification, management, and conservation. Our innovative technologies ensure that communities have access to safe, clean and clear water, while our sustainable practices help preserve this vital resource for future generations.

**Solar Energy:** As advocates for renewable energy, we design and implement solar power systems that reduce carbon footprints and lower energy costs. Our solar solutions are tailored to meet the unique needs of residential, commercial, and industrial clients, promoting energy independence and sustainability.

# We Serve

## WATER

- Turnkey projects in STP, ETP, WTP, RO+UF & ZLD -
  - ✦ Sewage treatment Plants
  - ✦ Effluent treatment plants
  - ✦ Water Treatment Plants
  - ✦ Reverse Osmosis Plants + Ultrafiltration Plants
  - ✦ Zero liquid discharge plants
  - ✦ Biogas plant
- Chemical , Bio-Culture & Equipment Trading .
- Services - AMC(Annual Maintenance Contract ), Operation & Maintenance.
- MPCB & Environmental Legal Compliances
- Revamping & Upgradation of existing STP / ETP / WTP

## SOLAR

- Solar PV System Design
- Consultancy
- Integration & Installation
- Turnkey solutions for -
  - ✦ Solar On-grid System
  - ✦ Solar Off-grid System
  - ✦ Solar Hybrid System
  - ✦ Solar Micro- Inverter System
  - ✦ Solar Optimizer based System
  - ✦ Solar Water Pumps
  - ✦ Solar High Masts
  - ✦ Solar Street Light
  - ✦ Solar Water Heater
- Open Access Solar Power Projects
